Hello DAS Families! The school year is back in full swing and DAS has been a blast! Pre-K has been busy learning color combinations, letters, songs, reading, and doing plenty of art projects. After care has been spending a lot of time in the sunshine, playing games in the gym, and getting artsy with paint and nature. After care is lucky enough to have Ms. Goodman for homework club starting next week! We are also going to be bringing back special recreational clubs in after care including filmmaking, robotics, Settlers of Catan, and more! Details to come shortly. We are all happy to be back for another school year and I can tell the kids are too!
